DATA SHEET

DRUSPITZ-PLUS - plugged, without upward facing spikes

Description

Spacer for light reinforcement with very good concrete flow. Low contact with the formwork due to special feet. Without upward facing spikes. Can be extended as required by plug-in connection.

Application

The spacer is laid diagonally to the reinforcement to ensure the required concrete cover. The usability of the product in the respective installation situation must be checked by the user! Further information on the arrangement and installation distances can be found in the relevant DBV leaflets.

Material

- Polyolefin PO (High-density polyethylene HD-PE + Polypropylene PP)
- Free from PVC, CFC and HFC
- Without substances of very high concern according to ECHA candidate list (REACH Regulation)

Packaging

- Free of halogen-containing compounds, azo dyes, flame retardants
