

NEVOSAFE® SCHUTZPROFIL - without steel core

Description

Reusable protective profile made of weatherproof, impact-resistant plastic with grip strip for easy and quick installation. The signal colours yellow, red or orange increase the visibility of danger spots. Can be used horizontally and vertically. Customised printing is available free of charge for orders of 2 pallets or more.

ATTENTION: no fall protection.

Application

The protective profile is easily and quickly attached to exposed reinforcement bars with the help of the grip strip. The usability of the product in the respective installation situation must be checked by the user!

Material

- Polyvinyl chloride (PVC)
- Free from CFC and HFC
- Without substances of very high concern according to ECHA candidate list (REACH Regulation)

Packaging

- Free of halogen-containing compounds, azo dyes, flame retardants
