DATA SHEET

STAPELPLATTE

Description

Stacking plate with nubs for the storage and transport of precast concrete elements. Depending on the material (soft / hard), abrasion marks on the concrete surface may be possible. Type 2 divisible and can be used angled. Type 4 with 44 mm long hooks for hanging. Type 5 with plug-in coupling for extension as required.

Application

The Stapelplatten are placed or hung (type 4) between the concrete elements to be stored. Depending on the material (hard / soft), abrasion marks on the concrete surfaces may be possible. The usability of the product in the respective installation situation must be checked by the user!

Material

- Ethylene vinyl acetate copolymer (PEVA)
- Free from PVC, CFC and HFC
- Without substances of very high concern according to ECHA candidate list (REACH Regulation)

Packaging

- Free of halogen-containing compounds, azo dyes, flame retardants
